

Getting involved

Contributed by Lawrence

The second Joomla!MUG event will be tomorrow night, Wednesday February 14 at Joe's Garage. We'll be meeting upstairs in the private bar area with Teq, another designer and tech group based in Melbourne.

Considering it's going to be Valentine's Day, here's a few suggestion topics for discussion over a meal and a few beers:

- Building relationships with other groups
- Starting a core Joomla!MUG team so other Melbourne users can benefit
- Getting more chixors into Joomla!Unfortunately, there won't be red roses supplied.. but we can make up for that with interesting discussion.
